There are three options for adding students to a roster for a class.

When you click on Search Student, you will be able to type a name or Okey to find an officer.

When you click on Select Student, you will be able to select a student from your agency roster or any agency's roster.

You can save a file of "scanned" Okeys from cards, or any file created & saved as a .txt file with a list of Okeys. Just browse your computer files & select import. Remember it must be in .txt format.

Once the roster **and** the class has been completed, the primary or secondary instructor can complete the class. When you click on Complete Class, another screen will appear and ask to confirm completion. Once completion is confirmed, the training will be added to the officer's training history.

NOTE: Instructors should enter the training promptly to assist officers in keeping up-to-date training records. Instructors have 30 days to get the course entered after date of completion without explanation. Audits will be done on instructor entries. Instructors should not attempt to complete classes that they are not qualified to teach.
