NOTE: To do this task, the user must have been assigned the user role of Agency Administrator in the new POST Software.

Step 1: Click on Admin function.

Step 2: If the individual is an officer, click on "Work with Users". Go to next page for Step 3.

If the individual is a not an officer (i.e. administrative staff, exec secretary, etc.) in POST records, click on "add user". See page 4 of these instructions for Step 3 if you chose "add user."

Important Note: If you are changing an officer's user role to agency administrator or agency user, the officer must be registered in the new software system for their name to appear in the work with users section.
